

## CALL FOR BOOK CHAPTERS

**Book Title : *Advances in Clean Energy Harvesting and Application of AI***

### Edited Book Series

All accepted chapters  
will be published on  
IEEE Xplore  
(Scopus Indexed)

#### TOPICS OF INTEREST

- AI in Energy Harvesting
- Electrostatic Energy Harvester
- Photovoltaic Modules
- Optimization Methods for Energy Harvesting Systems
- Performance of Photovoltaic Power plant
- Swarm Intelligence in Energy
- Electromagnetic Energy Transducers
- Maximum Power Point Tracking
- Parameters Extraction
- Application of AI in Energy
- AI Assisted Energy
- Piezoelectric Energy Harvesting
- AI in Portable Power Devices
- Electromagnetic Energy Harvester
- AI in Energy efficiency
- Power Management Circuits
- Wireless power transfer
- AI in Energy Conversion
- AI in Electrical Vehicle
- Magneto Strictive Energy Harvesting

Dr. Shailendra Rajput  
Post Doc Fellow  
Ariel University, Israel

Mr. Abhishek Sharma  
Research Scientist  
R&D Office, UPES, India

Dr. Vibhu Jatley  
Post Doc Fellow  
MCAST, Malta

Dr. Mangey Ram  
Professor  
Graphic Era University, India

#### GUIDELINES FOR SUBMISSION

- Chapter should have minimum 20 pages and maximum 35 pages (including references).
- The plagiarism of the chapter should not be more than 15%.
- All figures should be in high resolution.
- All the references should be in APA style.
- All the queries and submission should be done via email to: [acheaa9@gmail.com](mailto:acheaa9@gmail.com)

#### IMPORTANT DATES

- 30<sup>th</sup> October 2021: Submission of Abstract Deadline.
- 15<sup>th</sup> November 2021: Acceptance Notification.
- 20<sup>th</sup> December 2021: Full Chapter Submission Deadline.
- 30<sup>th</sup> January 2022: Editorial Review Results.
- 15<sup>th</sup> February 2022: Revised Chapter from Authors.
